

Subject: MARCI!--Unlocking the Secrets of Streamlined Serials Processing Connection Information
From: Michael Kaplan <michael@exlibris-usa.com>
Date: Thu, 17 Aug 2006 20:03:53 +0000 (GMT)
To: "mhavert@nd.edu" <mhavert@nd.edu>

Thank you for your registration for our upcoming webinar:

MARCI!--Unlocking the Secrets of Streamlined Serials Processing.

Here is the connection information that you will need to access the webinar:

DATE: Wednesday, August 30, 2006
TIME: 2:00-3:00 pm EDT

Ten minutes prior to the Webinar start time, cut/paste the following URL, in its entirety (minus any spaces) into your browser:

<http://w.on24.com/r.htm?e=26883&s=1&k=B0E51CABF213B9665E0803FC87553EC2>

When you click the link above, you will enter the Webinar lobby. You will be prompted to supply your name and institution, and you can then enter the session.

Do take the time to pre-load the images for the seminar as it will make the video connection smoother for you. If you arrive late and we have already started (or your slides fall behind the flow of the audio at any time), you may need to press F5 (=Refresh) to synchronize with the video display.

All you will need to attend this Webinar will be a networked computer with a sound card and speakers. Audio/video are delivered strictly over the Internet. You will be able to participate in the Webinar and email questions to the participants using the email client embedded within the Webinar browser.

If you have any questions, please contact Michael Kaplan at michael@exlibris-usa.com.
